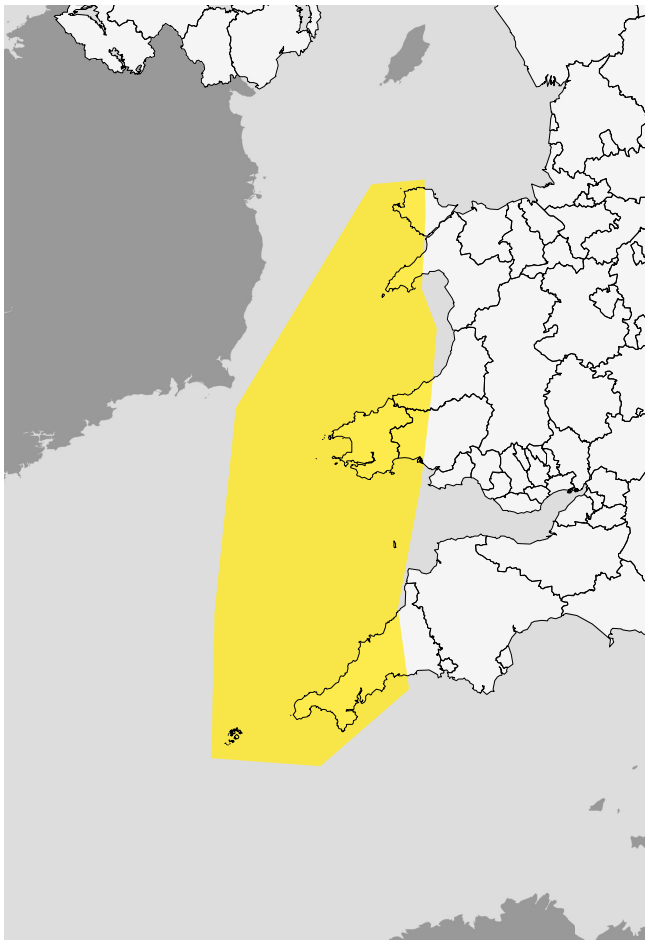
Yellow warning
Wind

Between
00:00 Sun 13 Mar 2022 and
12:00 Sun 13 Mar 2022



Strong winds may cause transport and coastal disruption

What to expect

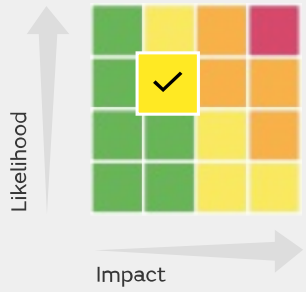
- Probably some bus and train services affected, with some journeys taking longer
- Delays for high-sided vehicles on exposed routes likely
- Some short term loss of power and other services is possible
- It's likely that some coastal routes, sea fronts and coastal communities will be affected by spray and/or large waves

Further details

A swathe of strong winds are expected across parts of Cornwall and west Wales during Sunday.

Southerly winds may reach 50-60 mph along mainly coastal districts, before clearing northwards later Sunday. There is a small chance that a few places across west Cornwall and Pembrokeshire could see isolated gusts to 65 mph across the most exposed locations.

This may lead to some poor coastal conditions and transport disruption.



Medium likelihood of low impacts
